**Show Chair: Terri Keetch**
**Judge: Kaine Davis (Sharmara UK)**

I would firstly like to extend my thanks to the club for the invitation to judge their speciality show. The hospitality extended to me, and my husband was second to None. A big thank you must be given to our liaison Jessie McNally who went above and beyond to make sure our first time in Vegas was amazing. The quality of the dogs on a whole was pleasing to see, particularly the younger classes. For me, in some of the older classes there was a big variation on breed type, which you cannot afford to lose. The biggest let down for me is always not being able to properly assess a dog because of poor training. Ringcraft training is essential to give your dog the best chance and give them confidence around the judge.
