Wynny Southworth (Staffmaster) UK

First and foremost my thanks must go to Heartland SBTC and Mrs. Brenda Holmen and Mrs. Angela Vaughan for inviting us to judge and looking after us like Queens. You were both absolutely amazing.

My Stewards not only kept the ring flowing seamlessly but were invaluable keeping me on the right track.

Our buggy Driver for around the show was a Gentleman named Bruce. AKA Titanium couldn't have

done more for us and it was a great pleasure to meet you.

I found quite a variation of type in the dogs and bitches, but feel sure that the breed in in good hands and think that some of the dogs could compete and win in the UK.

58. Strongs. Charmed Rumour Has It

Brindle bitch who is starting out on her show career and although she has quite a lot to mature. She possesses many qualities of a champion. I was impressed with the make and shape of her head which is strong and beautifully shaped, she has a correct mouth good rise of skull darkest of eyes well carried rose ears. Her body although developing is true in the front with width and depth of brisket, a spring of rib, level topline. Her movement was good, definitely thought she deserved her awards. 15. Pasquali & Zagraniczny. Primo Windycity Bacchus
Brindle/White dog. Another lovely coloured dog with lots to like in the head, great depth of skull, from the photo I have for this critique, he appears to be slightly longer in muzzle and I would have like a little more underjaw, however behind the collar there was a very good body with correct front which had width and depth, good ribs, level topline and ample rear quarters.
Reserve Winners Bitch
