Thank you to all the exhibitors who entered, it really was very much appreciated, I know how many hours and miles a lot of you travelled.

Many thanks to my ring stewards Dayna Lemke and Jodie Berry for keeping the ring running smoothly and efficiently.

To my host for the week Lorelei Rae Craig, huge thanks for the hospitality shown to me.

Now to the dogs. I found all exhibits in beautiful, clean condition, a credit to you all! I did find a few mouth faults, converging canines and a couple of level bites.

Puppy Dog 6 and under 9 months

1. & BEST PUPPY - Mendoza's FELIZSTAFF THE TEARS OF A CLOWN. Dark brindle showing a lot of promise. Neat well placed ears. He has a lovely headshape with enough underjaw for a youngster, dark round eye with a good expression. Rib starting to develop nicely. This was his first show and he was settled on the move. Moved ok. Will follow his progress with interest. Good luck.

2. Jones' PHYLAW FULL METAL JACKET. Another with a promising future. White/red with dark round eyes and a pleasing expression. Good width to his front. Nicely rounded ribs, body is short coupled. Good width to his thigh with hocks well let down. I just preferred the ear set on 1.

Puppy Dog 9 to 12 months

1. Snyder's NEVADA'S LITTLE WHITE LIES. Stood alone in this class. White with small red eye patch. Attractive puppy who carries neat rose ears, well set, good pigmentation and dark eyes. Good width to skull, cheek bumps developing nicely. Front has nice width. Short in coupling with strong rear quarters. Correctly angulated.

Dogs 12 to 18 months

1. Casey's REDLINE VELOCITY TOMMY TWO GUNS. Black brindle who possesses neat rose ears which he used well to show off an alert expression. Nice overall side profile. Ribs need development but I'm sure with age this will come. Good width of second thigh. Correct tail set.

Well placed shoulders. Tight well padded feet with no weakness at pasterns. Shown in fit hard condition, light loins with a good tuck up. First and second thigh with well defined muscle tone.

Puppy Bitch 6 and under 9 months

1. Mendoza's FELIZSTAFF I'D RATHER GO BLIND. Brindle with good bone, straight front and neat well padded feet. Correct ear placement, clean lipped. Pretty feminine head, stop needs to develop but on one so young this should come as she matures.

2. Echeverri's FLYIN MILAGAROS ARROSA. Black brindle. Stronger than 1. A nice youngster with a lot to come. Nice width to her muzzle and clean lipped. Well boned front, pasterns strong. Compact in body. Well angulated strong rear.

1. & RESERVE WINNERS BITCH - Dunning & La Vonda's FOUNTAINHEEDS INFAMOUS HOOLIGAN. Black brindle. Lovely bitch this one, really liked her. Feminine yet strong head. Her neat rose ears enhanced her alert expression, her eyes are dark and round. Clean lipped. Straight well boned front. Best of Breed

This class for me was a headache! So many nice dogs/bitches in here. Very impressed with the quality!

Collins & Rownd's GCH EARTHQUAKE STAFF'S JUST ONE LOOK. My BOB went to this very impressive brindle & white dog. He took my eye as soon as he entered the ring and I wasn't disappointed going over him, he oozes breed type. His head is very "typey". Dark round eyes alert at all times, lovely width to skull and cheek muscles are well developed. Muzzle is square and blunt with a good strength to his underjaw. Lips are tight and clean. Distinct stop. He has such clean lines and is well balanced viewed from any angle. Shoulder angulation and upper arm of correct length. Compact in body with a good depth to his brisket. Excellent tuck up. Well muscled rear on both first and second thigh. It's obvious a lot of work has been put in to him, he was shown in peak fitness, he gleamed. He never stopped showing. Moved well holding his topline level. He has a great rapport with his lady handler. A pleasure to award him BOB. Thank you for entering him. One I would be proud to own. Congratulations.

Best Opposite Sex/Best Owner Handler

Keetch's GCH DYNASTAFFS DON'T LEAVE HOME WITHOUT IT. Black brindle. One I wouldn't leave home without either! Loved her! Very close decision today with my BOB! I was nitpicking here. She is "right up my street". A beautiful bitch with a captivating head and expression, her well placed, neat ears just enhance what she already has. She draws you in, she followed my every move. Her head has strength yet she is very feminine. Distinct stop and well developed cheek bumps. Clean muzzle of strength and good width to her underjaw. Strong neck into well placed shoulders. Front is good with good width, no weakness at pasterns, tight feet. Ribs are well developed and sprung nicely. Light in loins with a good tuck up. Strong rear quarters with well defined muscle tone. Good bend of stifle with hocks well let done. Absolute credit to her owner/breeder. One to be proud of that's for sure. What a great team these two make. A pleasure to watch them together. Congratulations. One I could have happily taken home.
