

**Thursday, April 7, 2022**  
**SBTCA Independent Specialty – Albany, OR**  
**Judge Mr. Christopher Jacksic**

I want to start off with thanking the Show Committee for all their work and hospitality. It takes so much time and effort to put on a show, better yet a National Specialty. The hard work by the Committee did not go without notice. I would now like to thank all those that voted in support of me judging this show. It is an honor to judge anywhere as far as I'm concerned. To be able to judge a specialty is a high honor and I can't thank you all enough for coming and showing your support.

The quality of entries has continued to get better, year in and year out. I have seen this breed come light years from where we started. The standard and temperament are being held to as was seen in the ring. This is an indication of breeders working together for the betterment of the breed, not for themselves. I wish you all the best.

Staffordly yours,

**Chris Jacksic (Jaxstock)**

**12 to 18 Dogs**
