I would like to sincerely thank everyone that helped to put on 4 unbelievable days of shows and who looked after all the judges like me, making our stay fantastic. I'm sure everyone who attended had a great time. It was very nice to meet old friends also to make some new ones so I had the best stay over. I would like to thank exhibitors for their entries, the quality of dogs & bitches was good and a pleasure to go over, however, I feel I should mention that I came across quite a few problems with mouths, canines pressing into the gums or even inside, so this needs to be addressed in future breeding programmes.
