STAFFORDSHIRE BULL TERRIERS  
JUDGE: Ms Bev Harrison

Firstly, I would like to thank the club for inviting me to judge this prestigious Show, I would also like to thank the exhibitors who presented their dogs for me to judge. I also need to thank the people who took the time to get me photos (Craig Hall, Andrea Wood) and live stream (Teri Keetch) enabling me to do this critique. I was extremely pleased with the quality in-depth of Staffords I judged. My winners today could win wherever I have judged. I found it very frustrating not to be able to take short quick snaps of my winners as I do every other show I've judged apart from The US. This makes it extremely difficult to give a complete critique of all the winners. I watched Terry's videos and thank you to all the other people for taking these but they stopped at the dog best of breed classes and made it very difficult to critique all my winners. So sorry for the incomplete critiques but thank you for the hospitality it was wonderful. (Linda Bowers)

Well, what a weekend this puppy had! If I was asked show someone a puppy that totally fits the standard? I would say !!"(this puppy)"!! He is stunning, he has a beautiful head and expression with the neatest of ears, his eyes were dark and round, his pigmentation is as black as coal. He has a correct bite with clean muzzle and good depth to his underjaw. He has balance and breed type in abundance with no exaggerations. He has the correct weight of bone for his size, extremely good front with correct shoulder placement. Level topline which he kept on the move, well sprung rib and good depth to his brisket also correct rear quarters with plenty of width to his hams, he is well let down on his hocks with a good bend of stifle. He has the neatest of feet. And correct tail set. He has just the right fitness for a puppy of his age, short tight coat. Moved and handled very well. I believe this was the owner/handles first show and you also bred him! People breed and show for many years and a puppy of this quality alludes them, good luck with him, he is a megastar and would fit in right well here on my sofa!!

Another very nice puppy of real quality. Beautiful head with a good width and depth to his skull. Neatest of ears framing his excellent expression. He has dark round well placed eyes and a correct stop, good width his muzzle and depth to his under-jaw. Correct bite. He has. Good balance and type and he is in good condition. He has ample bone, front OK, and will widen when brisket drops with maturity, correct shoulder placement, topline good, with a good depth to his brisket. He is short coupled with a correct tail set. Correct rear quarters. I can see he has a very bright future in front of him. Moved and handled very well.
