When I first started working with the Staffordshire Bull Terrier in the 90's, I never imagined that one day I would be able to judge the breed in America its GOLDEN JUBILEE, 50th ANNIVERSARY at NATIONAL SPECIALTY WEEKEND and feel the indescribable sensation that I felt. I'm grateful to each and every one of you for showing me your beautiful dogs and for accepting my decisions sportingly. It's a great honor and it's the biggest and most treasured moment of my career being my first Championship Show as a judge in USA and under SBTCA. I've judged 127 beautiful SBT of great quality. Allow me to congratulate the Committee of [Staffordshire Bull Terrier Club of America](#), especially to [Sandra Carter](#) and [Kimberly Washington](#) for their hard work during that week. I would also like to mention my fantastic ring steward, [Gina Dattilo](#) for doing such an outstanding, professional job. I can't forget the lovely [Crystal Else Rolfe](#) and her husband [Jim](#) for take care of me and these days and showing the best wonderful side of their hearts. We have an extensive panel of specialty judges who did an excellent job; Melanie Corcoran, Judith Heller, Bianca Janssen, Amy Schwoeble, Kari Mick, Katherine Holmen, Brenda Holmen, Helen Dunning & Dean Burwell. Congratulations to each one of them.

I will always remember the passion and love that you all have for the SBT. It was a fantastic warm day, and excellent size ring at the best place for Dog Shows that I have ever seen; "PURINA FARMS". I had a really enjoyable day, had some excellent dogs under me founding the classes had different phenotypes which made some of my decision harder.

I think all my placings are top class dog so had to nit-pick between them but they have to offer the breed.

I was pleased with my line up and very satisfied with my winners. It was a memorable experience, something I will always treasure: the true Stafford people, the open mindedness, the affability, the warm-heartedness and the passion for the breed ♡.

CRITIQUES

When I was judging in the youngest classes I could find a good number of dogs with incorrect bites, of which concerned and surprised me. I'd like to say that the owners and breeders would care more about this fault and make a better selection in the breeding. Furthering I'd like to point out that when you style the tail, cut the nails and better fit condition is fundamental when you showing your dog.

PD 6-9 MOTHS OLD (1)

1. 5 MIKE/DENISE SPIES **YEESTAFF GUNPOWDER TREASON** Pied Red/White. She is development well, nice bend of stifle and a she has a correct hindquarter, moving well, but tail is carried too high maybe for her excellent character. She has an excellent overline nice to see and she has an excellent imprinting and job for her age. Excellent handling, all the best for your future. Pleased to award her **BEST OF BREED**.

2. 182 ANGELA KAY HANDLEY **TOP LINES WE SHOULD BE FRIENDS** Black Brindle bitch 4 months old. Nice minor puppy with good type, feminine and good overlines, she has a lovely expression, with dark round eyes and excellent ear set. Correct straight front. With good proportions in body. Level top line with a good back end, she is development well, and has a good character, a very nice promising. Well in move and correct handling. Good luck in the future
