

# SBTCA Register of Honor and Versatility Award

---

The Staffordshire Bull Terrier has the ability and heart to succeed in any line of work proven by their large numbers in many different dog sports from agility to coursing to pet therapy! Staffordshire Bull Terriers have not only dabbled in these activities but also have won the highest titles available!

The SBTCA is proud to offer a Register Of Honor and Versatility Award Program to promote participation in diverse activities and to recognize those who successfully compete in multiple venues.

If you are an SBTCA member in good standing and have an SBT working in performance events, you may be eligible for these awards. In addition, the owner must have been an SBTCA member at the time of the last qualifying title for the award earned. Proof of membership at time award was achieved is required where feasible and reasonable effort should be taken to provide. Otherwise, the honor system will apply.

Awards must be applied for within six months of achieving the last applicable title. Applications received beyond 6 months of the date of the last title earned will be rejected. **Applications will be processed twice per year. Usually in February and August. Applications will be accepted during the months of January and July. Exceptions will be made at times when processing is delayed. Dates are subject to change each year. Please watch the SBTCA Members Only Facebook page for submission dates. Submission dates will also be announced in the BOD Minutes that are emailed to you.**

Venues of competition currently recognized by the programs include AKC and comparable venues/titles. All eligible titles are noted on the worksheet. When considering comparable eligible titles to meet the requirements, you must use one or the other. If alternate organizations other than AKC are provided, you may only submit ONE or the other to meet a requirement. For example, if a Novice level AKC Scent Work title is being submitted, an NASCW Novice level title may NOT also be submitted. Similarly, if a title track offers both a Regular option and a "Preferred" type option, only ONE or the other can be used to meet a requirement. Eligible performance titles will be updated as needed.

Each application for ROH or Versatility must include a minimum of one off-leash performance component.

## SBTCA Register of Honor (ROH) Award

Requires your SBT to have attained an AKC Conformation Championship, in addition to two other eligible performance titles. **These performance titles must be in two different sports.** To achieve Advanced ROH awards, additional levels of competition are necessary. Advanced levels are Silver, Gold, Platinum and Elite. Proof of titles must be submitted.

**SBTCA Register of Honor Award Requirements:** *(Please see complete worksheet for eligible performance titles)*

- ◆ **ROH Bronze** = AKC Conformation Championship and any combination of two different novice / intermediate performance titles in obedience, rally, agility, coursing, tracking, CGC, trick dog, therapy dog, scent work, etc.
- ◆ **ROH Silver** = AKC conformation Championship, ROH Bronze level achievement and any combination of two different advanced / excellent performance titles.
- ◆ **ROH Gold** = AKC Conformation Grand Championship and any combination of two different novice / intermediate performance titles.
- ◆ **ROH Platinum** = AKC Conformation Grand Championship, ROH Gold level achievement and any combination of two different advanced / excellent performance titles.
- ◆ **ROH Elite** – AKC Conformation Grand Championship, ROH Platinum level and any combination of two different Master level titles.

## SBTCA Register of Honor and Versatility Award - *continued*

---

### **STBCA Versatility Award** - (*no conformation title required*)

Unlike the ROH, this award does not require an AKC Conformation Championship. The Versatility Award encourages and rewards titles in multiple performance venues. To qualify for the first level of award (Bronze) requires your SBT to have attained a novice equivalent title in three different disciplines such as rally, agility, tracking, coursing, barn hunt, scent work, trick dog etc. *These performance titles must be in three different sports*. An example might be a dog who has earned a novice agility title, a novice obedience title and a novice tracking title. To achieve each more advanced versatility /performance awards, additional titles and additional venues of competition are necessary. Dogs can receive different levels of awards based on the level of advancement in performance events. Proof of titles must be submitted.

**SBTCA Versatility Award Requirements:** (*Please see complete worksheet for eligible performance titles*)

- ◆ **Bronze** = any combination of three different novice performance titles in obedience, rally, agility, coursing, tracking, trick dog, therapy dog, scent work, etc.
- ◆ **Silver** = Bronze level achievement and combination of three different intermediate performance titles.
- ◆ **Gold** = Silver level achievement and combination of three different advanced performance titles.
- ◆ **Platinum** = Golden level achievement and combination of three different excellent performance titles.
- ◆ **Elite** = Platinum level achievement + two Master level titles.

**Online submission is available and PREFERRED.**

**The link can be found on the SBTCA website under  
ACTIVITIES --> PERFORMANCE --> REGISTER OF HONOR AND VERSATILITY ELIGIBILITY.**

**Alternatively, you may print out the worksheet (located in the same menu), fill it out and either EMAIL or SNAIL MAIL. Printing legibly is extremely important.**

**Please send to Versatility Chair: Debra Roseman  
Contact info can be found on the SBTCA website as listed above.**

**Verification of all titles (*photocopies*) must accompany the worksheet.  
Please do not send original title certificates as they will not be returned.**

**Since many organizations list all titles in a single printout on their websites, providing a screenshot of this information is acceptable in lieu of sending photocopies of all title certificates.**

**Applying for these awards is free. If you would like to receive a pin/pin(s) celebrating these awards, please note on your application the pins you wish to receive. A small donation of your choice to help offset the cost of pins and shipping is requested but not required.**

**Certificates for these awards will be emailed.  
Recipients can print a copy on the paper of their choice.**
